

# Give your Ts & Cs some TLC

## Give your Terms & Conditions some TLC

- have you validly incorporated your Ts&Cs into your current contracts?
- can you recover your goods if your customer goes bust?
- can you exclude or limit your liability if you are in breach of contract?
- can you terminate your contract if things go wrong?
- can you vary the terms of your contract, and if so, how? are your contracts caught by the Construction Act?
- how should disputes under your contracts be resolved?
- does English Law apply to contracts with your international suppliers/customers?
- do you need different terms if you are dealing with consumers?

## Fixed Fee Health Check

For a fixed fee of **£250 plus VAT** we will review your Ts&Cs and provide a comprehensive **health check** report.

Thereafter we can agree a fee with you for providing our suggested amendments, or where necessary a full re-draft.

We can also offer advice on the incorporation and enforcement of your Ts&Cs. You can also sign up to our updating service where we will send alerts notifying you of any relevant legal updates.

Even if you think you know the answers to the above, **your commercial position may not be as well protected as you might think**. The law changes. When it does, so should your Ts&Cs.

Let us **make sure your Ts&Cs are up to date** and if disputes do arise give you the best platform to protect your business.

To take advantage of this fixed fee Health check please contact:
