

## Fixed fee commercial contract review service

### Don't put your head in the sand.

It is important to properly understand the commercial contracts that you and your business enter into. If well understood, they can offer **protection** and **guidance**. Ensuring that the contract accurately reflects the expectation of both parties and understanding the risks that that you are being asked to take on means you are significantly less likely to experience problems later.

Fixed legal fees enable you to keep control of your costs. Our review service will assist you in establishing if entering into the contract is a worthwhile investment, bearing in mind the value of the contract, the legal risks that your business is taking on and the cost of potential financial exposure should the trading relationship break down.

At Buckles Solicitors, our priority is providing you with a thorough review. Our service is managed by senior qualified lawyers all based in our UK offices, giving you **expertise that you can trust**.

### WHAT SORT OF AGREEMENT DO YOU NEED ADVICE ON?

We can help you with a wide variety of commercial agreements including: terms of business for the purchase and/or sale of goods or services, and agreements covering agents, distribution, franchises, outsourcing, consultancies, confidentiality, data protection, IT, intellectual property and licences. This service includes advising on contracts prepared by you or the other party.

Our fixed fee contract review service has just two variables – length of contract and speed of turnaround. Please refer to the table below and do get in touch if you have any queries or have a contract you would like us to review for you.
