

Why are your offices not fully open whilst shops and pubs are?

We understand the confusion surrounding the re-opening of our offices. Please be assured our Peterborough, Stamford, Cambridge and Nottingham offices are open for pre-arranged client appointments when needed. The health and wellbeing of our staff, clients and the wider public is our uppermost priority and so we are taking the following precautions:

- Conducting as many meetings as possible virtually
- Staff can continue to work from home if they wish
- Staff 'bubbles' are in place with rotas to maintain the integrity of those bubbles
- On-site social distancing is in place: 1 metre + a mask or 2 metres

For the maximum possible safety of our clients, the amount of time you spend on the premises needs to be limited and carefully co-ordinated. Our different geographic locations face different challenges due to layout, meeting room size and staff availability. When client meetings take place, they must not overlap and the meeting rooms and touch points will need to be sanitised in between each appointment.

The firm absolutely can function to provide you with our normal high levels of service in this way which is why we have not yet reverted to pre-COVID operating conditions.

Thank you for your patience and understanding.
